Hi Lynn,

I can give you a call after 12p to scope the call topics and anything else you'd like to discuss.

Hi, Pete. Just left you a voice mail. Can you and Dan get on the phone with Matt Plate (my VI expert here at Region 9) and I this afternoon from 2:30-3? I am still in favor of rescheduling the Aerojet call tomorrow morning; I'm not ready to discuss, we have unresolved VI guidance issues between DTSC and EPA, and Matt can't make the meeting tomorrow due to a conflict.

Please give me a call when you have a sec—I have a meeting 10-noon but am available for a few hours after that until my next meeting. I'll send out a meeting invite for the four of us with a call in number for today at 2:30 in the hopes that you and Dan can make it.

Thanks, Pete!
Lynn

Hi Lynn,

I've been out of the office on vacation but I'm back now. Should we have a call today to discuss? Please provide a phone number and we can chat (I'm telecommuting today). I can contact Dan Gallagher and schedule a conference call as a follow up to have the support staff from DTSC and USEPA participate. Thanks

-Pete

Subject: Another issue with 12 July AR A40 meeting

Hi, Pete. I'm in training until 2 today but caught our VI expert (Matt Plate) this morning. We need to get Dan and Matt and you and I on the same page with regard to regulatory guidance on VI investigations prior to directing AR on Area 40. I'll try to call you when I get out of class at 2 today. I think it's important that we delay the AR meeting on 12 July until after DTSC and EPA negotiate comments on the new DTSC Guidance on 13 July. Otherwise we risk giving guidance in multiple directions, and possibly conflicting. Hopefully we can talk in a few hours-thanks, Pete!

Lynn
